TALKING POINT

WITH
JIMMY FRIZZELL

THE marvellous run which has hoisted us from one of the Second Division's trouble spots has brought a spot of bother of its own!

For everyone now is trying to get us into a corner to talk about promotion. And promotion is not a word we are even thinking never mind speaking at the moment.

There are two reasons for that. Firstly, talk of promotion increases pressure on the players — just ask today's visitors Bolton about that — and secondly it can be used as a weapon against you if things go wrong.

I have been in this game long enough now not to put myself in that situation and so all I say to people who ask about our prospects is that I am pleased with our position at the moment and am aware that the longer our run continues the higher in the League we are likely to finish.

And that is no joke because we still have to play the five clubs above us in the League... three of them at home and two of them away.

If we take points from all of those matches... well, who knows what would happen.

Today's game with Bolton is a vital one for both clubs of course. Bolton sit at the top of the table and are currently eight points ahead of us.

But a win today will reduce that margin to six and I am sure that no-one will need

reminding that we were 13 points behind leaders Bristol Rovers in season 1973-74.

And that season, with an incredible run of results, we came from the pack and went on to take the title.

But our top priority at the moment is to guarantee a good position in the Second Division table. If we finish higher than we have in the last two seasons we will be well pleased.

Anything better than that and obviously we will be delighted.

And before anyone accuses us of having limited ambitions let me say that that is nonsense.

We want to do well — very well indeed — this season but we are not in the business of counting chickens before they are hatched.

Finally, I would like to extend a warm greeting to my mate Ian Greaves from Bolton. Ian has done a marvellous job at Burnden Park and looks destined to take Bolton back into the First Division this season.

I wish him well because he has deserved success in a business where success is in very short supply.

TODAYS VISITORS TO BOUNDARY PARK

BOLTON WANDERERS

BOLTON, proudly perched at the top of Division Two, are out to make it third time lucky this season in their bid to bring First Division football back to Burnden Park after an absence of 14 years.

Two years ago, after looking certain for promotion, Bolton faded during the run-in and finished fourth. West Brom stole the last promotion spot.

Last season, after again climbing to the threshold of Division One, Bolton had the door slammed shut in their faces over the final few matches. This time it was Nottingham Forest who took third place and nobody needs reminding what's happened to THEM since!

So life at the top is nothing new to Bolton and manager Ian Greaves, a capable and shrewd leader, believes that the experience of the past two years will stand Bolton in good stead when the climax to this season approaches.

Only by getting back into the First Division will the new-model Bolton side live down the ghosts and memories of Burnden's proud and not-too-distant past.

Not long ago, any mention of Bolton automatically brought the name of Nat Lofthouse — the Lion of Vienna — into the conversation.

Lofthouse, a legend in his own time, was the swashbuckling cavalier whose power and goals not only kept Bolton among the First Division elite for several years but also won them the FA Cup in 1958.

But, in the early 1960's, Lofthouse packed up football and Bolton began a slide toward anonymity ... an anonymity they are removing in such spectacular style now.

Relegated from Division One in 1964, Bolton had seven seasons in Division Two before dropping down to the Third Division. It was Bolton's first taste of Third Division football in more than 70 years and they didn't like it.

After just two seasons in Division Three, Bolton bounced back as champions and have had their sights set on the First Division ever since.

Cool heads and steady nerves should be enough to take Bolton into the First Division this time and everyone at Boundary Park sincerely hopes that they make it.

But our good wishes do not extend to this afternoon's game where we will be looking for the two points to further our own claims for a place in the top three!

JIM McDONAGH — Jim joined the Wanderers at the start of last season on a month's loan from Rotherham United. Impressed and was signed for a £10,000 fee as cover for Barry Siddall. He soon got promotion with the transfer of Siddall to Sunderland and held the first team spot for the remainder of the season. Jim stands 6ft. tall and matches his height with agility.

JOHN RITSON — John was born in Liverpool and joined the Wanderers from schoolboy soccer. He graduated through the junior sides and is now a strong defender with an attacking flair. Missed a spell of last season due to a cartilage operation.

PETER NICHOLSON — Signed for the Wanderers from Blackpool for a small fee prior to the 1971-2 season and has proved to be a fantastic bargain. He can play anywhere in defence and had a long spell at full back last season. Is also accomplished in midfield.

ROY GREAVES — Long-serving player who had a recent testimonial. Born in Farnworth, near Bolton, he is a non-stop worker whose workrate has to be seen to be believed.

SAM ALLARDYCE — A young central defender born in the Midlands, Sam joined the Wanderers from school and since coming into the side in 1975 has held down a regular place.

WILLIE MORGAN — Started his career with Burnley then moved to Manchester United for a big fee. Returned to Burnley and was signed by the Wanderers two seasons ago. A Scottish international and member of the last World Cup squad, Willie spent last summer playing in American football.

NEIL WHATMORE — Strong attacker with a flair for scoring goals. He scored 31 times last season to top the Second Division scoring chart for League and League Cup goals.

NEIL WHATMORE

PETER REID — Another youngster who joined Bolton from school on Merseyside. Peter played for England's Under 21 side last season and went on the close-season tour of Scandinavia with the national side. Is a constructive player who reads the game well and is a fine passer of the ball.

RAY TRAIN — Signed for the Wanderers only minutes before the transfer deadline last season for a £30,000 fee from Sunderland. Has a terrier-like tackle and is always in the thick of the midfield action.

MIKE WALSH — Manchester-born Mike joined the Wanderers from school. He is being groomed for a place in the side, but has had to be content with being stand-in for any of the defensive positions. Seems certain to win a regular place soon.

GARRY JONES — Born in Manchester, Garry is a strong running attacking player. He can put pressure on defenders and once he gains more consistency seems certain to be a regular goalscorer.

FRANK WORTHINGTON — Bolton's record signing from Leicester City for a £90,000 fee in October. Started at Huddersfield, is an England International with lots of skill in the air and on the ground.

TOTTENHAM HOTSPUR

POOLS NEWS

I am an Old Age Pensioner who has been working voluntary for O.A.F.C. Development Association for the past three years.

I call on over 70 agents weekly. I enjoy the work, and I enjoy meeting and making new friends.

I feel that I, and my agents, are helping 'Latics' in a very practical way. I also feel that just supporting my team is not enough. All teams need workers behind the scenes, and I feel that Oldham Athletic supporters could do a lot more to help the Club.

My team of agents see me regularly. I deliver and pick-up Bingo Tickets and cash. We work together as a unit, and each and everyone of us is proud of our small contribution.

My appeal is to YOU. To the supporters who could do more to help the Club. I am on the telephone. I will call round anytime to get you started.

Many supporters sold Christmas Draw tickets. I think the Bingo Tickets are far easier to sell, so why don't all you season ticket holders who helped us so very well with the Christmas Draw, contact me at 061-652 9755. If you work in an office, shop, or factory, I am absolutely sure you could sell say 25 tickets per week, because most people buy two tickets, so all we are talking about is 12 contacts every week. Your small contribution, multiplied by 50 people will make a tremendous difference to our 'Pool'.

The 'team' on the pitch is doing well, let's support them to the hilt and help keep the momentum going because the day we join the 1st Division will be the greatest day in my lifetime.

Note: Agents must be 16 years or over
